

Social & Support Groups

Headway Cambridgeshire facilitate a number of social and support groups across the county. The aim of the social groups is to provide a relaxed environment within the community where individuals with a brain injury, family, partners and carers can meet to enjoy a meal or a drink, meet new people and share experiences and support.

We have specifically chosen venues that are welcoming, accessible, wheelchair and child friendly and offer value for money. New people are always welcome to join these groups. Unless specified you can just turn up or contact us for more information.

All social groups are facilitated by a Headway Cambridgeshire member of staff who has experience of supporting people with a brain injury and their families.

For more information on our Social Groups please contact one of our Community Brain Injury Co-ordinators:
